

Last week I mentioned in this column the possibility of building a swimming pool at the High School. Several readers have commented on the desirability of such a project although there seems to be a feeling that the price of the pool would make it beyond all reach. Naturally it would cost something, although maybe not as much as we think.

In Los Altos the PTA is conducting a drive for a swimming pool there and to start it off, the Permanente Cement Company has donated the cement necessary for the pool's construction. Then, last week, Martin Taaffe, a Los Altos resident engaged in the road construction business, volunteered to do the excavating free. There are two of the main items of expense already crossed off the list.

Once a drive started here, we might be surprised at what some of the public spirited business men might donate. One of the local high school teachers has suggested that the high school boys would be glad to donate labor and time to the project.

After the pool was constructed, it would be self-supporting from the admission fees charged. In fact I understand that the Los Gatos pool has not only been self-supporting but has shown a profit.

It's something for us all to think about. It may look like a big undertaking now but so did the Country Woman's Club building and library at one time. Now we all take it for granted and use it almost daily as a part of our community living.

Changing the subject—if you are in favor of the enlarged highway program, fostered by Governor Warren, why don't you write or wire your representatives at Sacramento? The oil companies' lobbyists are setting a new high, it seems, in exerting pressure on the legislators by lavish and expensive entertainment. Now is the time for us to watch and see that the men entrusted with the safety of our lives while we drive on California highways are not swayed by this type of "pressure."

Did you know that the Standard Oil Co. is leading the rest of the oil companies in raising the price of gasoline on one hand, and protesting the additional tax for highway use on the other—at the same time announcing the greatest year ever as far as profits go? During 1946 Standard Oil reported a profit of \$66,956,000.

WATER TOWER PAINTED

A familiar landmark, the canary water tower, has been brightened up with a coat of paint and the old "Havens-Semaira" painted out. It now reads, "Hunt's Foods, Inc."

Grange Takes In New Members

The regular bi-monthly meeting of the local Grange was held on March 25 in the IOOF hall. Three new members were voted on favorably and regular routine business was attended to.

The Future Farmers club of Campbell Union High School were told they could use the Grange lots for a garden project. The Home Economics chairman, Katherine Shadle, announced a Thrift Sale July 29-30 in Campbell; also the regular monthly meeting at the home of Mrs. Friday on Rincon Ave., April 11. George L. Husted told of his trip East by trailer.

The Grange discussed a drive for cleaner motion pictures, books and so-called "funny" books. They hope to spearhead a drive that will clean up these sources of amusement and will vote unanimously to pass a resolution at the next meeting that will go to churches, schools, lodges and all interested organizations. They believe the citizens of our community realize that the kind of civilization we want our children to inherit is not produced by drink, crime and sadism as now displayed in our movies, books and funnies.

Grange will meet April 8 at 8 p.m. Past masters will be honored. Pot-luck dinner at 6:30.

Easter Rites Scheduled At Local Churches

At the Easter service Sunday morning at the Congregational church the choir under the direction of Mrs. Rex Fuller will sing two Easter anthems: "Open Our Eyes" by Macfarlane and "In Joseph's Lovely Garden" by Dickinson. The familiar "Hosanna" by Jules Grainer will be sung by Miss Dorothea Brookover. Mrs. David Saunders will be at the organ. The Rev. Robert L. Carlson will speak on "Christ Has Conquered." There will be a nursery for children and infants during the church hour.

Tonight at 7:45 there will be a Maundy Thursday service at the Congregational church at which the Lord's Supper will be administered, infants will be baptized, and new members received into the church fellowship.

Col. James L. McBride will assist the pastor in the administration of the Lord's Supper. The choir under the direction of Mrs. Rex Fuller will sing Stainer's "God So Loveth the World."

Uniting with the church tonight are Miss Mary Candee, Mr. and Mrs. Earl Waters, Mr. and Mrs. John Hummel, Mrs. James L. McBride, Mr. and Mrs. Roger Atkinson, Miss Roberta Field, Mr. and Mrs. Herbert Wood, Mr. and Mrs. E. D. Raker and Robert Raker.

Uniting with the church the Sunday after Easter will be Mrs. Winifred Goodell, Miss Margaret Goodell, Miss Shirley Goodell, Miss Barbara Hollingshead, Miss Mary Lloyd Hollingshead, Marvin Scarper, Miss Patricia Gilbert and Miss Betty Williams.

At the 11 o'clock Easter worship service at the Methodist church will be the rite of baptism and the reception of new members into the church. The three choirs will sing anthems, and the minister, Rev. L. J. Osborne, will preach on the subject, "Having Everlasting Life Now." Mrs. Ruth Stoner will be in charge of the children's choir and will direct them as they sing their anthems. One anthem will be sung by the three massed choirs, "We Will Carol Joyfully."

The Sunday school will have a special program at 9:45 on Easter Sunday. Pupils will go to their classes, then all will assemble in the church for the special program.

Announcements Of Son's Arrival

Unique birth announcements are being received by the many Campbell friends of Mr. and Mrs. Willis W. Green of Wenatchee. The attractive blue and white card bears the picture of a radio announcer speaking into a microphone and the message reads: "Station Byron George on the air, Saturday, 15 March, 1947, 118½ oz. on the dial, joins the network of Dorothy and Bill Green."

The baby's father, an ex-Campbell man, is a technician and announcer in a Wenatchee radio station.

Grandparents of the new arrival are Mr. and Mrs. George Green, Casey Road, and Mr. and Mrs. Arthur Williams of Kalamazoo, Mich.

Just home from the hospital is the baby's paternal grandfather, who is recuperating from pneumonia.

Local Liquor License Suspended

The State Board of Equalization Monday suspended "indefinitely" the alcoholic beverage license of Tony Raffanti, operator of Tony's Busy Bee on Campbell Ave.

Given as the reason for the suspension was the operation of the establishment as a public bar, rather than a bona fide restaurant.

A recent State Supreme Court decision upheld the view that only bona fide restaurants may legally hold alcoholic beverage licenses.

What Not to Hold Open House

The What Not, Campbell's distinctive guest shop, is holding an Easter Open House next Sunday to display its enlarged quarters. In addition to enlarging, a garden patio has been constructed in the rear and will be used to display garden and patio furniture.

Also added is a rustic "record room" for a complete line of phonograph records. Visitors will have an opportunity to see the latest in spring merchandise in the gift line and to browse through the records and books.

Ray Fish, co-owner of the unique shop, says that no merchandise will be sold during the day.

Hours for the "open house" will be from two until six o'clock in the afternoon.

Cancer Society Goal Here Is \$500

Progress of the annual American Cancer Society's drive, as being under way in Santa Clara County, was revealed today by Mrs. Martha F. Baiocchi, county commander, as far in advance of last year. The goal set for the county is \$20,000; \$500 of which is to be raised in Campbell. Of the total amount given, 60 percent will remain for work in the state and 40 percent will be sent to the National Organization for research. Mr. J. F. Levenberg, campaign chairman, has stressed the need for volunteer workers in this district. Anyone wishing to serve, please get in touch with him at Campbell 3785. The Kiwanis club, of which Mr. Levenberg is president, is in charge of the drive here.

Last year 181,600 people in the United States died of cancer. If the present rate continues, one person out of every eight will ultimately die of cancer. Many kinds of cancer, if found in time, are curable. Money is needed for research in cancer, but first, the public must be educated to recognize early symptoms so that medical aid can be given in the early stages. The longer the life of a person is prolonged, the greater will be the death from cancer, because, while cancer attacks persons in all ages, it is considered a disease of the older person. Doctors are more optimistic each year about cancer because the public has become, due to the work of the American Cancer Society, alert to the needs of early diagnosis and treatment, and for the necessity of giving money for cancer research.

The Auxiliary of the Santa Clara County Medical Association is inviting the public to hear Dr. L. H. Garland of Stanford University Hospital in San Francisco give an educational talk "Attack On Cancer," Tuesday evening, April 8, at 8 o'clock, in Morris Daily Auditorium, San Jose State College. The public is urged to attend.

Campbell Boxer Flies East

Of interest to his many friends and especially the sports fans is information that Ralph Nelson of Smith Ave., San Tomas area, and Eddie Chavez, 126 pound boxer of Campbell, will leave by plane from Mills Field in San Francisco tonight for Boston where Eddie is to participate in the National Amateur Athletic Union tournament on April 7, 8 and 9.

Mr. Nelson is to be congratulated as manager of this young boxer, for Eddie is the first from Santa Clara County to win the Pacific A.A.U. championship in his class.

If the Campbell boy wins it will make him eligible for the Olympics to be held in England in 1948.

"For Peace Alone Do I Ring"

"For Peace Alone Do I Ring" is the Latin inscription on the largest or Bourdon bell of the carillon in the tower of the Hoover Library on War, Revolution and Peace at Stanford University. The sonorous tones of the giant bell and its 34 sister bells will be featured in traditional Easter music that will be broadcast coast to coast by the National Broadcasting Company from 7:30 to 8 a.m. Easter Sunday when outdoor services will be held in the Frost amphitheater at the university. Easter hymns sung by the 55-voice university choir and voice choir scriptural readings will complete the program.

Gift Tax Returns Must Be Filed By Middle of April

Gift tax returns for the last calendar year must be filed with the office of the state controller on or before April 15. Thomas H. Kuchel, state controller, announced last week. Returns filed after April 15 are subject to a 10 percent penalty.

Every donor who has made a gift to any one donee of property exceeding \$4000 in value, or who has made a gift of a future interest in property, regardless of value, is required to file a return. Also, all persons who receive such gifts are required to report them.

Kuchel said that forms for filing the returns may be obtained from his offices at 458 So. Spring street, Los Angeles 13; 785 Market street, San Francisco 3, and State Capitol, Sacramento.

Campbell Cadets Get Promotions

The Campbell High School Cadet Corps has reached its seventh week of existence and with it many changes have been brought about. These changes are mainly due to the promotions given out last week. At first the cadets were formed into two companies: Co. A and Co. B. Each company was made up of three squads with approximately eight men in each. Now the two companies have been divided equally into four platoons. Each platoon consists of about 12 men. These 12 men are under the leadership of their squad leader and platoon sergeant. The men are well drilled by both.

Among those who received higher commissions last Monday were Bud Whitmore, Jolly Jones, Ernie Wilson, Charles Rizzuto, Vernon Farris and Angelo Aspel. Many of the cadets kept their previous ranks as corporals.

Colonel N. Warren Shelton quoted in a talk last week that there would be a real formal promotion day in a few weeks. He went on to say that the entire school as well as the press and American Legion would be invited to witness the promotion.

VISITOR FROM PORTLAND

Mrs. John Painton of Portland, Oregon, was a guest at the home of Mr. and Mrs. G. Martin Allen last week. This was Mrs. Painton's second visit to Campbell.

Former Campbell Family Killed In Crash

Mrs. Vera Barnwell, who lives at the California Auto Court in Campbell, received word yesterday that her sister and virtually her entire family were killed in an automobile accident in Arizona.

The sister was Mrs. Lucille Bowser, 18, who died with her husband, Robert, 23, a former Marine, and their 3-year-old daughter, Erlene, when a train crashed into their car at a crossing. Only survivor is an infant daughter, Betty, reported to be critically injured.

The Bowsters lived in Campbell for a time with the Barnwells and only recently returned to Arizona, their former home.

Mr. Triena To Play At Bohemian Concert

Mr. Frank Triena, music instructor at Campbell Union High School, will be guest soloist at the Bohemian club concert, in San Francisco on April 10 and 11. He will play with a ninety piece orchestra under the direction of Clinton Lewis, of the Marine Junior College.

The concert is an annual formal event. Last summer, Mr. Triena played at the Bohemian club annual encampment at Bohemian Grove on Russia River.

Such famous guest artists as John Charles Thomas and Lourtiz Melchior, were soloists.

At present, Mr. Triena is concert master in the San Jose Symphony orchestra.

New Post Office Opening Delayed

Nothing ever seems to be finished when it's supposed to be these days. The new post office was to have been completed Tuesday—now Ira Grim, postmaster, hopes to move in by April 15.

High school students are completing their house to house canvass to inform occupants of their correct house numbers. City delivery cannot begin until the new building is occupied because of lack of facilities in the old building for handling the new innovation.

Union Good Friday Service

Friday afternoon between 12 and 3 o'clock there will be a union Good Friday service at the Congregational church. The service will be based on the Seven Last Words of Christ and clergymen from this area will be participants.

The Seven Words and the clergymen participating are: Forgiveness at the Cross, Rev. Lawrence J. Osborne of the First Methodist church; Authority at the Cross, Rev. Robert L. Carlson, Congregational church; Remembrance at the Cross, Rev. Herbert Johnson of the Pentecostal Assemblies of God;

Submission at the Cross, Col. James L. McBride; Suffering at the Cross, Rev. W. L. Marshall of San Jose; Victory at the Cross, Rev. Lawrence J. Osborne; Confidence at the Cross, Col. James L. McBride.

During the service there will be local solos by Miss Dorothea Brookover, Mrs. John Stoner and Mrs. Rex Fuller. Accompanist will be Rev. Robert Carlson.

According to Rev. Robert Carlson Good Friday is one of the most significant days in Holy Week for it commemorates Christ's sacrifice of himself upon the Cross.

Worshippers may come at any time during the service and leave after any of the Seven Words.

GLENDALE VISITORS

Welcome Easter guests at the home of Mrs. Flora Crow are her son and wife, Mr. and Mrs. Clinton Crow of Glendale. They were accompanied by their son, Dickie.

San Tomas Dist. Enjoys Bus Service

People living in the San Tomas area are congratulating members of the San Tomas Improvement club and especially the president, Mr. H. G. Blohm, for their eventual success in getting a bus line established.

On April 1, Mr. R. M. Bartholdi, branch manager of the Peerless Stages, welcomed a group of happy women shoppers who boarded the 10 o'clock bus for a trip to San Jose.

The new bus route goes from San Jose out Winchester Road to Campbell; thence to Los Gatos Road and south to Sunny Oaks Road, where it turns right to Virginia St. From Virginia it turns right into Hazel, then left on Hazel to San Tomas Road where it turns left. Proceeding past Hinson's Grocery store, center of San Tomas district, it proceeds to Pollard Road, goes down this road to Wedgewood Ave., and thence back to Los Gatos Highway, down to Hacienda Road and thence to Tan Tomas; turns right and returns to Los Gatos Road for the return trip to San Jose.

The route is a little over nine miles long, or approximately 20 miles round trip. Five daily schedules have been established. Leaving San Tomas, trips are at 7:23 and 10 a.m.; 3:45, 5:14 and 6:06 p.m. Leaving San Jose, trips are at 6:55 and 9:30 a.m.; 3:15, 4:45 and 5:35 p.m.

The establishment of stop signs and now the bus line, as well as the sociability fostered by this little club makes the members feel their efforts for the past year have well worth while.

A hard-times party last Friday night was well attended and a real social success.

NEW REAL ESTATE OFFICE OPENED

C. C. Van Gorkom will open a new real estate office at 131 E. Campbell Ave. on Monday. Van Gorkom was formerly associated with the Ray Mathis Real Estate Co.

County Taxes Delinquent Apr. 21

Roy P. Emerson, tax collector, advises that approximately two and one-half million dollars of taxes remain to be collected on the 1946-47 tax roll by April 21 and anticipates a last minute rush of tax payers just before the delinquent date.

Persons who have purchased property since March 1, 1945 and who have not received their tax bills from the former owners or this office are requested to get in touch with the tax office immediately. Also persons who have any inquiry to make regarding their taxes for any reason are requested to get in touch with the tax office at once. Tax payers are also urged to check over their tax bills and mail their taxes as early as possible thus avoiding a last minute rush and delay.

All taxes paid after April 21 will carry a 3 percent penalty plus costs.

Gloria Surian Wins Poppy Contest

Gloria Surian, student at Campbell Union High School, won the American Legion Auxiliary Poppy Poster Contest for the second consecutive year. This talented young lady entered two posters in the contest. Last year she received an award in the district contest.

Second prize winner was Ann Barquist and third was Marylyn Booker. First prize winner received \$5; second \$3 and third \$2.

Fourteen pupils of Miss Mary Lewis entered the contest and the judges were Mrs. William Sauter, Frank Cutting and G. Martin Allen.

Mrs. Clara Fagalde was in charge of the contest for the Legion Auxiliary and announces that the posters will be on display in Campbell during the Poppy Day Drive.

MY CALIFORNIA

Did you ever stand on a grassy path
With an ocean of lupin ahead,
Reflecting the sky in its azure depth,
Nor care where the pathway led?
Did you follow the path to a far-off hill,
Where the golden poppies gleam,
Their magic sea about you
More beautiful than a dream?
Did you sit you down on a mossy bank,
In the shade of a giant oak tree,
And drink in the beauties of Nature,
As far as your eye could see?
Did your heart rise there, in thanksgiving,
To the good All-Father above,
For this priceless gift to his children,
This California, that we love?
Did you fall on your knees, mid the blue and the gold,
And wait up a fervent prayer
That you might be worthy our Golden State
This gift so heavenly fair?

Clara Beebe Baldwin.

Campbell Court Notes

By Judge Blaine

March was a relatively quiet month in Campbell Justice Court, though not without its incidents.

Two men became happy and boisterous, drew complaints and landed in jail. Both thought so much bother unnecessary, but they pleaded guilty and paid fines of \$10 each.

A recently divorced wife who had stood an intemperate mate for 29 years objected to his continued presence in a house for which she paid the rent. Two days in jail convinced the gentleman that the lady really wanted a rest. He moved.

Two young men were complained for alleged boisterous conduct in a roadside eating place. In court they claimed that the proprietor became boisterous first. But they agreed to eat thereafter somewhere else.

Three young men who had forgotten to appear in response to minor traffic citations were arrested on warrants. In court they willingly paid double what it would have cost to appear in the first place.

A young dentist of a nearby community became a little too happy and was picked up in Campbell Township for reckless driving. He was glad to hear the last of the incident for \$35.

Fifteen drivers were caught either for double parking or for not fully observing arterial stop signs. Most of these drivers said they had never received citations before. In paying fines, most of them voluntarily promised not to be so careless again—careless as to be caught!

A Justice of the Peace from another county called in behalf of the state Justices' and Constables' Association, a 7-year-old organization for uplifting said public officials and their salaries. Asked about his official duties while he was away from his office, he said that in an emergency some other Justice could be called

Grammar School Notes

Miss White teaches the fourth, fifth and sixth grades remedial reading. The pupils are studying consonants and vowels.

On February 27, teachers came from the county schools to the Teachers' meeting at Campbell Union Grammar School. The topic was about audio visual aids.

Mrs. Helen Moffit, county supervisor from the County Superintendent's office, visited Miss White. Mrs. Moffit also was interested in reading, and remedial work. She visited the primary department, too.

—Dorothy Jetton.

In keeping with children's spirit of Easter, Miss Hasler's industrious high second grade is making Easter bunnies. These are mounted on pastel colored paper in chalk.

Health books were completed last week in the study of health. They consisted of pictures with little stories below each. Now they will be able to continue in higher grades their health studies.

On a hot Thursday afternoon, anxious little people watched the primary kite contest. Bill Nelson won third prize for the largest kite, so all were satisfied and pleased.

Miss Naylor's sixth grade class has a very fortunate member whose name is Betty Williams.

While listening to a radio program one day a question was asked about Egypt. She sent in an answer to the question and a few days later received a check for \$25 for the best answer. The class had just finished learning about Egypt so she knew all about it.

The class has had 100 percent attendance for several days. They are studying about Rome now. They have finished a test on it and have made units. After Easter vacation they are going to study Europe.

Miss Blaine's class is now studying China. A committee of children is coloring a map of China showing the Great Wall. They have a border showing the sampan boats of China.

The children have not been allowed to take their library books home, but they are permitted to take them home now. They have envelopes with their names on them and when they wish to take a book home they write their name and date on the card and put it in the envelope. Their librarian is Anita Raab, who is a very good one.

—Bernice Robertson.

The seventh and eighth grade intramural baseball league began March 18. It consists of ten teams and their schedule includes nine games. They play during the noon period.

Miss Ryan's class is starting a unit on China. They are interested in studying China in as many ways as possible. Miss Ryan says they will spend a great deal of time on maps and learning the relationship of China and the U.S.

They also have their own baseball team. Their captain is Roger Franzen. All the boys in the class take part in the team. As they are only a sixth grade class, they can not play intramural games, but they play any room that challenges them.

—Barbara Days.

RETURNS HOME FROM HOSPITAL

Lloyd Nelson returned home Monday from the hospital where he underwent an emergency appendectomy last week. He is recuperating rapidly and expects to return to work soon.

Merit Badge Show Planned

Ticket sales for the big Merit Badge Show to be staged at the Municipal Auditorium in San Jose April 17 and 18 by the Cub Scouts and Boy Scouts of the Santa Clara County Council are under way, with 10,000 tickets in the hands of the area. Each unit will benefit from the sale of the tickets after the necessary expenses needed to produce the show have been deducted, according to Robert C. Kirkwood, chairman of the Council Camping and Activities committee.

Cub packs, Scout troops and senior units are busy preparing the displays to fill the 35 booths to be constructed in the main auditorium where Cubbing and Scouting activities will be shown and demonstrated. Stage demonstrations are also being prepared by each division of Scouting as an added feature for the evening's program.

The show is under the sponsorship of the San Jose Junior Chamber of Commerce with Howard Rolin as general chairman of the committee appointed by the Chamber to stage the event.

To Study In Belgium

Leaving today for New York by plane is Miss Elrena Patterson, daughter of Mr. and Mrs. Charles A. Patterson of San Jose. Mr. Patterson is employed at The Campbell Press and reports that from New York his daughter will embark for Brussels, Belgium, to study French and tropical medicine prior to going to her field of duty in French West Africa as a medical missionary.

Miss Patterson is a graduate of the Bible Institute of San Francisco and the Santa Clara County Hospital School of Nursing. She also served on the staff of the San Jose Hospital now known as the Community Service Hospital.

Before leaving, the youthful traveler was feted at gatherings of friends from the First Baptist Church of San Jose of which she is a member.

Campbell Post-596

At the last regular meeting of the Legion Post there were 29 new members initiated, all of whom were veterans of World War II. The initiatory team of Los Gatos very efficiently exemplified the ideals and principles of the American Legion.

Welcomed into the Legion were Sterling Robertson, Doyle Richey, Hoy Little, Barrett Little, Garland Spears, Dealus Sexton, John Crawford, Gregory Parker, E. R. Peters, Victor Sturk, Roy Goodman, Frank Lovoi, Hal Fairchild, John Flatken, John Carvello, James Arends, Jr., John Sagoye, Timothy Boone, Leland Jones Jr., Henry Sanfilippo, Henry Ames, Donald Genasci, Alson Yeager, Peter, Johnny and Chester Yerkovich, Fred Jones, Jr., E. Z. Tension and Joseph Sylvia. Comrade McBride was elected to the office of Post Chaplain, and installed by Past Commander Casaleto of the 13th District.

Commander Carter reported that Comrade Lloyd Nelson, who recently underwent an operation, and Past Commander Rex Fuller, who has been ill for some time, were somewhat improved.

The Post will hold its annual card party on May 3. The following committee was appointed; Fagilde, Leach, Crawford, John Smith, Knowles, Tension, Fairchild, Fred Jones Jr., and Hofman.

First Vice Commander Pier reported that the Post, as its share, made \$70 on the Old Settler's Day dance and requested that the ad-

jutant write a letter of thanks to the board of directors of the Union High School for the use of the school gym for the dance.

Past Commander Wilbur Mitchell of the building board reported that the lot given by Mrs. Hedegard had a 115-foot frontage on Latimer Ave. and is 235 feet deep. He further stated that the building board met recently and has several plans in view to start a campaign to supplement the building fund.

Commander Carter announced the 13th District Conference would be held in Salinas on April 13 at 10 a.m. He urged all who could to attend.

The commander, vice commander, adjutant and past commander and secretary all spoke telling the new members of the American Legion program, its ideals and principals, and urged them to aid in whatever way possible, in making the community a better and safer place to live in.

At the conclusion of the meeting refreshments were served.

Sunday School Class Meets

An interesting meeting of Col. James McBride's Sunday School class was held last Thursday evening at the Methodist church. Singing of hymns was enjoyed in a social hour before the business meeting, with Mrs. George Green at the piano. R. Lewis Brown, the class president, presided.

The class voted to sponsor the church clothing drive for the needy in Europe. Articles of usable clothing may be left at the church after April 20 to be packed for shipment by the class at its regular meeting on April 24.

A covered-dish dinner honoring members who have birthdays in March, April or May is planned for the next class meeting.

A State Day on Sundays honoring members from different states has been planned. The State having the most representatives on Easter Sunday will be the designated state for the Sunday following. Refreshments were served by Mrs. Fred Fellman and Mrs. R. Lewis Brown.

HOUSEHOLD MEMOS...

HOUSEHOLD MENUS ONE VERSATILE WAFFLES

One of our simpler foods, the waffle, can be served in an amazing variety of ways. Add a few variations to the original waffle recipe and you have a wonderful new breakfast treat or Sunday night supper special. Instead of a sauce, serve it with fresh or stewed fruit or a fluffy whipped cream and you have an extra-delicious dessert. Or, if you prefer, top it with creamed chicken, ham a la king, and presto! There's your luncheon dish all ready.

Waffles are hearty fare, and that's pleasing to those of you homemakers who have trouble giving the family enough nourishment on nippy days. Let them fill up on waffles in all their variety, and the whole family will be pleased as punch.

You won't be able to run through all these different suggestions I'm giving for waffles immediately, so clip the ideas and save them. They're wonderful to have on hand for the different occasions I've just mentioned, and your menus—whether for snack or breakfast—will never fall into doldrums.

Peanut butter waffles are tasty and have a softer crust than the ordinary waffle. They're breakfast fare, but may be served for a light supper with soup 'n salad.

PEANUT BUTTER WAFFLES
(Makes 7 Waffles)
6 tablespoons peanut butter
6 tablespoons fat
2 eggs
1 1/4 cups bottled milk
1 1/4 cups flour
3 tablespoons sugar
3 teaspoons baking powder
1/4 teaspoon salt

Cream peanut butter and fat together. Add beaten eggs and blend well. Add milk. Sift flour, measure and sift again with sugar, baking powder and salt. Add milk mixture to dry ingredients. Mix until smooth. Pour onto hot waffle iron and bake 3 to 5 minutes.

A good basic waffle recipe may be varied in countless ways. The mixing is easy and need take but a few minutes.

PLAIN WAFFLES
(Makes 6 Waffles)
1 1/2 cups sifted all-purpose flour
3 teaspoons baking powder
1/4 teaspoon salt
2 eggs
1 1/4 cups milk
6 tablespoons melted butter or fat

Sift together dry ingredients. Beat eggs with an egg beater until light. Add milk and butter. Add this to sifted dry ingredients and beat until smooth. Bake on waffle iron according to manufacturer's directions.

Cheese Waffles: Add 1 cup grated cheddar cheese to above recipe with melted fat.

LYNN CHAMBERS' MENUS
Ham a la King on Waffles
Green Peas with Mushrooms
Molded Carrot Salad
Beve. age Baked Apples

Chocolate Waffles: Add 2 squares of chocolate, add 1/2 cup of sugar and 1 teaspoon of vanilla to batter. Serve with whipped cream for dessert.

Rice Waffles: Reduce flour to 1 1/2 cups, and add 1 cup of cold cooked rice to batter with the melted butter.

If your family is fond of waffles, then they're bound to like raised waffles for a change:

RAISED WAFFLES
(Makes 9 to 12)
1 tablespoon sugar
1 teaspoon salt
1 tablespoon butter
1 1/4 cups scalded milk
1/4 yeast cake dissolved in 1/4 cup lukewarm water
2 cups flour
2 egg yolks
2 egg whites

Add sugar, salt and butter to milk. When lukewarm, add dissolved yeast cake and flour. Beat well. Let rise overnight (make evening before if you want waffles for breakfast). Add well-beaten egg yolks, then stiffly beaten whites. Bake in waffle iron. Now, here's a grand variety of sauces that may be used with waffles for different occasions. These, of course, may be made up ahead to save time before serving, and kept stored in jars under refrigeration.

HOT FUDGE SAUCE
(Makes 1 1/2 cups)
2 squares unsweetened chocolate
1/2 cup water
1 1/2 cups corn syrup
1 teaspoon vanilla extract
Cook chocolate and water over direct heat for 2 minutes, stirring constantly. Remove from heat, add corn syrup. Simmer for 10 minutes, stirring occasionally. Add vanilla.

ICE CREAM SAUCE
(Serves 10 to 12)
1 cup heavy cream
1 egg
1/4 cup granulated sugar
1/3 cup melted butter
1 teaspoon vanilla
Beat egg until light, add to sugar and beat well. Fold in melted butter and mix well. Fold in whipped cream and vanilla, then place mixture in refrigerator tray to chill.

BUTTERSCOTCH SAUCE
(Makes 1 pint)
1 cup sugar
1/4 cup corn syrup
1 tablespoon butter
1/2 pint thin cream
Cook until a soft ball forms when tested in cold water. Remove from fire and serve hot or cold. Thin with cream, if desired.

Kamel Kiwanis Klub Session

By Herb Shadle

This was the day of the unknown—on this April Fool's Day anything was apt to happen and it usually did. We had an illustrious list of visitors introduced by Jack Murdock, including Morton R. Watson, past president, West Palm Beach, Fla., Kiwanis club M. R. Bookwalter, San Jose; Rudolph Silverstein, Erie, Pa.; Bert Rudolph, San Jose; J. Norman Hagler, president, Tay-Holbrook Hdw. Co.; Norm Corvelho, Campbell Hdw. Co.; Wm. Hill, vice president Hills Bros. Coffee Co., Chicago, Ill.; Bill Maderis, Maderis Food Center; and J. Howard Diamond, Walnut Creek, Mich.; J. Howard Payne, walnut grower (a former Kiwanian); Kery Levenberg.

Kiwanis International will be on the air Thursday evening, April 3, at 6:45 over Station KGO in connection with Town Meeting of the Air. Communism in the U. S. is going to be discussed.

M. R. Bookwalter announced the coming cancer drive. Santa Clara county has \$20,000 to raise and the Campbell district \$500. Bud Levenberg will head the drive here.

It was announced that Campbell merchants will be closed on Good Friday, from 12 to 3 p.m.

The speaker was Mark Kriesenosky, discussing Synthetic Rubber Production. He produced a tire right before our eyes and turned out to be Mr. Harry Shaw, San Jose Telephone Co., a noted local magician.

Netops Pot-luck Successful

There was many a satisfied appetite when 8 o'clock rolled around on Friday evening, March 28, for at that time the pot-luck dinner given by Netops Council came to an end. The committee, headed by Edith Anderson, assisted by members of the council out-did themselves with their culinary arts.

Following the dinner members convened in the lodge hall for the regular meeting, with Pocahontas, Irene Hodges, presiding. Two new members were voted into the council and will be obligated April 25, the night of the Great Pocahontas' official visit. The two new candidates are Elinor Dias and Frances Simm.

A card party is being planned for May 23, and Sharon Parker will be in charge of arrangements.

Led by Brother Jim White of Zanetta Council, the drill team practiced after the meeting. Deputy Great Pocahontas, Inez Means, called a practice of the escort team to be held in her home April 8.

WEATHER BROADCAST

MAKES TRIP TO LOS ANGELES

Gene Hodges made a hurried business trip to Los Angeles last week.

Dear Editor:

Regarding names for proposed new schools—for the Moorpark avenue school, I would suggest the name of MOULTON. Mr. Moulton was trustee of the Hamilton school, of which I was the architect. Mrs. Moulton was the promoter and God Mother of everything good and useful in the vicinity of the town of Campbell long ago. She employed me to remodel her own home and was instrumental in bringing the Coopers and Windors and other Congregationalists to Campbell, and through her I was privileged to design the Cooper home and the Congregational church. The other school ought to be named COOPER, for Dr. Cooper was a wholehearted laborer for the building and betterment of Campbell and the interests of the surrounding country.

I have read the Campbell Press with intent interest. Almost I am tempted to abandon everything and identify myself actively with the promotion of Campbell. But the forces for good are already stronger than most places, and I know of places that need my Atomic Booming more than does Campbell. I must do my work in many places by Editorial Proxies.

Thank you.

Ranges Need Fertilization

California ranges have carried many numbers of cattle throughout the past 150 years. Contrary to the opinion of many ranchers, livestock does not replace the nutrients taken off by them and, therefore, ways and means to build back depleted range grasses is constantly being carried on by the Agricultural Extension Service.

The first report of our fertilization plots shows that throughout the county gypsum (a soil amendment) boosts Burr clover growth. The sulphur in gypsum is the chemical giving this response, and it is claimed by soil scientists that sulphur releases tied-up nutrients to legumes. On a test plot at the

Joe Haskins ranch the Burr clover is five inches higher where gypsum was applied. The rate is from 200 to 500 pounds per acre. Also, the same results are shown on the Chase-Carpenter ranch at Gilroy and the Roland Ramelli ranch at Coyote.

Further plots will be put out throughout the county this fall to gain further information on improving our grass lands.

Future Egg Supply Needs Attention

Farm people and urban dwellers, who have the facilities, should be aware of the egg situation at this time and attempt to raise a few pullets for their own egg supply. Due to the high feed costs, fewer and fewer pullets are being raised, and already our egg cold storage is about one-half what it was a year ago. The first time in seventeen years egg prices have gone up during this spring flush egg production which is another indication that egg supply in the fall will be short. By proper selection, culling, and fundamental sanitation the backyard flocks feeding and care can be kept at an economical figure even though feed prices are high. Considering an egg is worth five cents now, they probably will be worth six and seven cents in the fall.

Backyard flock information can be obtained in bulletin form at the Agricultural Extension Service, 201 Post Office Building, San Jose, or call Columbia 3866.

California's placer mines accounted for 75 percent of the gold mined in the state in 1946; 25 percent was from lode mines.

Grain Store Closes For Funeral

Nelson Brothers Grain Store was closed Tuesday afternoon during the final rites held for Mrs. Ebba Nelson, mother of Einar Nelson, who is employed at the store.

A resident of Santa Clara County for 24 years, Mrs. Nelson died after a short illness. She was a native of Sweden and a member of the Emanuel Lutheran church and Svea Lodge No. 348 of San Jose.

In addition to her son, Einar, she leaves her husband, Arthur W. Nelson; another son, Helge O. Nelson, and a brother, Emil Larson of Sweden.

Religious Unity

In the gospel of John, chapter 17, verses 20 through 23, we have the following words: "Neither pray I for these alone, but for them also which believe on me through their word; that they all may be one; even as thou, Father, art in me, and I in thee, that they also may be one in us: that the world may believe that thou hast sent me. And the glory which thou gavest me I have given them; that they may be one, even as we are one: I in them, and thou in me, that they may be made perfect in one; and that the world may know that thou hast sent me, and hast loved them, as thou hast loved me."

From this passage we see that Jesus is praying that those who believe on him through the word of the Apostles may be one in God and Christ as God and Christ are in each other. All Bible students know that the word of the Apostles through which men believe on Christ is contained in the New Testament. So preaching what is contained in the New Testament is what makes true believers on Christ. It is also true that the Apostles all preached the same doctrine as found in the New Testament and thus they were united as God and Christ are, for Christ preached only that which God wanted him to. It is in this sense that God and Christ are in each other, as plainly shown in John 14: 10-11. So believing only what God and Christ have taught as contained in the New Testament will make all true believers perfectly united with God and Christ and in this sense in God and Christ and God and Christ in them. But faith alone will not justify or save. Obedience is also necessary. See James 2:19-26. —pd-adv.

Spraying Will Kill Poison Oak

Spraying with ammonium sulfamate on the foliage and stems of poison oak will effectively kill it and other brush, says Woodbridge Metcalf, specialist in forestry of the Agricultural Extension Service.

He says this crystalline salt is not generally available at garden supply stores. Here are directions for its use:

Dissolve three-fourths or one pound of the ammonium sulfamate in one gallon of water. Then spray the plants with this solution. All bushes should be thoroughly soaked to the ground.

Be careful about the spray reaching foliage of plants which are not to be eradicated because this may kill or seriously damage them. Care should be taken to protect your eyes from the spray and to wash the hands carefully. This chemical is somewhat irritating to the skin of some people.

Ammonium sulfamate is virtually non-toxic to animals. However, it is corrosive to metal. That means all containers and pumps must be washed quickly and thoroughly with clean water, and finally with a small amount of kerosene.

Enough milk is produced annually in America to fill a river 3000 miles long, 40 feet wide and three feet deep.

Curing Pork With Less Sugar

Sugar shortages are making it difficult for many farm families to get enough or save enough to cure their home dressed pork. If you are short of sugar, and who isn't, here are a few suggestions for curing that pork. They are offered by L. C. Barnard, farm advisor.

Salt is the chief preservative and is the essential part of all curing mixtures. We add sugar to improve the flavor and small quantities of saltpeter to set the red color in the lean.

Now that sugar is low, the farm advisor suggests:

Use salt alone for curing if salt is all you have. If you can spare only a little sugar, use one pound instead of the customary two for each 100 pounds of meat. You can cut the sugar in half or leave it out entirely.

Some farmers substitute syrup or mildly flavored molasses for sugar in curing mixtures.

Chill the fresh pork and keep it cold, from 36 to 40 degrees. Use the right amount of salt, six to eight pounds for 100 pounds of meat. Hold the meat in cure the proper length of time. For hams and shoulders that is two days per pound, bacon one and one-half days.

Don't worry about sugar if you don't have it.

Poppy Day Scheduled

May 24 will be Poppy Day in Campbell and throughout the U.S. Mrs. Guy Smith, president of Unit 596, American Legion Auxiliary, announced today. On that day everyone will be asked to wear a memorial poppy in honor of the dead of two world wars and to make a contribution for the welfare of the disabled veterans, their families and families of the dead.

Volunteers from the auxiliary and young women's groups of the city will distribute the flowers on the streets throughout the day. Mrs. Clarence Fagalde, Poppy chairman of the auxiliary, will be in general charge. Plans are being made to cover the city completely so that everyone will have an opportunity to honor the war dead and aid the living victims of the two conflicts.

Easy Washing Of A Sweater

Have you thought sweaters were hard to wash?

Sweaters are easily washed, says Mary Loo Saunders, assistant home demonstration agent. They do not require scrubbing, and in fact, should be handled very gently. By that she means squeezing suds through the sweater.

Of course, if there is any specially soiled place around the cuffs and neck, a hand brush can be used, tapping rather than scrubbing. If the sweater is very soiled, use a second wash of luke-warm suds. Add a fourth cup of vinegar to the second rinse to neutralize the alkali and remove any soap scum that collects on the sweater. Rinse a third time to remove the vinegar.

Commercial detergents are offered for cleaning sweaters. They are very satisfactory in hard water. No scum collects and the vinegar rinse is not necessary.

It is a good plan to draw a pattern of the sweater on a large piece of wrapping paper before washing it. After the sweater is washed, lay it on this pattern and block it. Use as few pins as possible. Drying can be shortened by laying a dry bath towel over the sweater and blotting out as much of the moisture as possible. Remove the towel and allow the sweater to dry where there is a good circulation of air. Never dry a sweater in the sun or on the radiator. Dry fast—never hang on the line.

GROOMING AND FITTING A BABY BEEF STEER

The following steps are recommended in fitting a fat baby beef:

1. Care Of The Feet: The hoofs should be trimmed to allow the animal to walk with a straight leg, and the long growthy hoofs retard this. The simplest trimming is to use a chisel and hammer (wood chisel) and place the hoof on a 2x12 board. Shaping the hoof is easily done by chiseling around the toe and the hoof and then rasping and sandpapering. Never try to cut too much of the hoof at once. Cut it back gradually so as not to cut into the quick. If the steer will allow you to lift the hoof one can use the nippers such as used in shoeing a horse. Leveling of the hoof from the bottom side could be very easily done this way followed by rasping and sandpapering. Hoofs can then be polished with shoe polish, neets foot oil or any other mineral type oil. Emory cloth and glass are also used on the horns and hoofs to smooth them before oiling. Horns can be cut off to balance the length of them without being marked down in judging.

2. Washing The Animal: In washing the animal the time of day should be early enough to insure drying of the animal before sunset to protect it from cold. Ten o'clock in the morning is excellent time to wash the animal. A heavy lathering soap, such as tar soap in water softened by sulfonated soaps. Wet the animal all over and brush the lather in very well. Hose off completely. Use the back of the scotch comb to press off water. For curling use a round curry comb and twist to bring the curl into the hair. After it has set, brush and comb against the hair up over the animal. A short quick bath can be given to the animal by using two tablespoons of sheep dip to one gallon of water and brush vigorously into the hair. This will remove all the Head skin and scurf. This should be done once a week and washing with soap and water about once a month.

3. Clipping The Animal: All polled animals, such as Angus, Pol-Herefords, should be clipped across the poll back of the ears and the tail head clipped from the tail set down the tail to about where the twist drops away. All horned animals should never be clipped around the horns.

4. Bleaching The Animal: In bleaching white hairs of the animals a weak chlorine or a blueing can be used to do this job.

5. The Finishing Touch: The finishing touch of fitting a steer can be done by using a wool cloth and a light type of oil to lightly brush over the animal to impart a luster to the hair. Commercial wipe oils and a good home wipe oil is two parts cottonseed oil and one part wood alcohol.

4-H CLUB NEWS

OLD GILROY CLUB: Two committees were set up at the Friday, March 14 meeting of the Old Gilroy 4-H Club. The money raising event committee is as follows: Lenore White, Chairman, Donald Silacci, Johnnie Tollett and Mary Lou Martinez. The Demonstration Team committee will be made up of Harry Getty, Chairman, Maxine Young and David Tollett.

MADRONE CLUB: Three committees were set up at the Friday, March 14 meeting of the Madrone 4-H club. Walter Walsh is Chairman of the money raising committee and is being helped by Chester Reynolds and Lloyd Laswell. The project tour committee is made up of the following club members: Irene Catterson, Chairman, Julio Grasso and Wilma Clinton. The Local Exhibit Day committee is headed by Reiko Okayama, Chairman, and Gene Fantozzi and Martha Kumagai.

MOUNTAIN CLUB: Three committees were set up at the Mountain (Alma) 4-H Club meeting on March 17. These committees are the money raising committee with Lillian See, Chairman; the Cow Palace tour committee with Anne Jewett, Chairman, Paul Jewett, Eddie Graves, Tom Hastings, and Peter Thomas assisting. The third committee for the Mountain Club is for a skating party to be held in the near future. Lucille Worth will be Chairman, helped by Dean Greene, Billie Ashford-Frances Jones.

MACHADO CLUB: The Machado 4-H Club is planning a hike and dinner to Mt. Madonna according to their club reporter Janice Kirkman. The date for this event is April 3.

THINGS TO KNOW ABOUT 2,4-D:
Some general facts about 2, 4-D are summarized for farmers interested in this weed killer by W. A. Harvey and W. W. Robbins of the Agricultural Experiment Station, College of Agriculture.

1. 2, 4-D acts slowly and two weeks or a month may elapse before the treated plants actually die.

2. Two or more sprayings are usually necessary to effect a complete kill of many perennial weeds.

3. Temporary soil sterilization may result from use of 2, 4-D. How long soil remains sterile depends upon amount of chemical used, temperature, rainfall or irrigation, soil type, and crop planted.

4. Sprayers or other equipment used for 2, 4-D must be thoroughly cleaned before being used for other material.

5. Spary or dust must never be allowed to reach ornamental or susceptible crop plants. Even small amounts of drift are highly injurious.

6. The acid 2, 4-D and its compounds are non poisonous to humans and animals, noncorrosive, and neither explosive nor inflammable.

The local Agricultural Extension Service office, 201 Post Office Building, San Jose has available free of charge the new bulletin entitled-2, 4-D As a Weed Killer by the two above mentioned authors. You may call the office, Columbia 3866 or come into the office.

Stanford Buys \$25,000 Collection

The Stanford University Library has acquired a collection of 45,000 colonial and early American newspapers from the American Antiquarian Society, Worcester, Mass., the officials announced last week.

Purchase of the collection was made by the university partly with its own funds and partly through a substantial contribution made by Superior Court Judge Elmer E. Robinson of San Francisco, himself a book collector, amateur bibliophile, and honorary curator of

the university library.

The collection contains several hundred complete volumes of colonial and early American newspapers, the earliest dating back to 1762, and thousands of unbound issues.

Dr. Nathan Van Patten, director of Stanford libraries, appraises the value of the collection at not less than \$25,000, and said that it would be the foremost collection of its kind on the Pacific Coast, unequalled by any library west of the Atlantic seaboard and surpassed only by two or three libraries in that area.

Major prize in the collection is a continuous file of the Boston In-

dependent Chronicle, followed by

its successor the Boston Daily Advertiser, extending from 1775 to 1902.

The prim columns of the Boston Independent Chronicle carried its readers through the American War of Independence, and covered battles whose names are familiar to every schoolboy.

Other important files of papers include bound volumes of the Pennsylvania Packet, from 1784-1789, the first successful daily paper published in the United

States.

Picturesque titles abound in the collection: The Massachusetts Spy, published in Boston in 1771; Porcupine's Gazette, Philadelphia, 1797-1798; the Scourge, Boston, 1812; the Idiot, Boston, 1818, and the Yankee, Boston, 1812-1815.

READING & WRITING

Robin McKown

Open the pages of Louis Untermeyer's "A Treasury of Laughter" almost anywhere and you will find a laugh, as the title promises, ranging indeed from a guffaw to the merest titter. James Thurber's "The Secret Life of Walter Mitty" is here. So is Robert Benchley's "The Treasurer's Report" (that ought to be read out loud); "Speaking of Operations" by Irwin S. Cobb; "Pigs Is Pigs" by Ellis Parker Butler; "Damon Runyon's 'Butch Minds the Baby,' Ogden Nash's now celebrated poem, 'To A Small Boy Standing on My Shoes While I Am Wearing Them.'"

"A Treasury of Laughter" is the Book-of-the-Month Club Book-dividend for March and April. It is over 700 pages long, with humorous stories, poems, essays, tall tales and epigrams from some 72 different English or American authors. There are no foreign authors, explains Mr. Untermeyer, because he has discovered that humor suffers violently, almost fatally, in translation. Dialect is also kept to a minimum.

As a sort of hors d'oeuvre to the main attractions, Mr. Untermeyer includes an assembly of jokes and anecdotes. After all, he explains, "A joke is a compressed short story."

One of these quips has to do with little Johnny who was having a wonderful time with crayons and a sheet of paper. His mother asked what he was drawing. "I'm making a picture of God," Shocked, she queried, "How can you do that? No one in the world knows what God looks like." "Well," replied Johnny with assurance, "they will when I get through."

These odd facts, says Mr. Untermeyer, come from school examination papers: Capital punishment should not be used too frequently in schools. . . . Socrates died from an overdose of wedlock. . . . Herrings go about the sea in shawls. . . . During the Napoleonic Wars crowned heads were trembling in their shoes.
